

iTeacher Rankbook

The **iTeacher Rankbook** feature is specifically designed to provide teachers with an easy-to-use system for managing course assignments and related student scores. These scores are then used to produce grades for report cards.

The system is completely browser-based (Internet Explorer or Netscape), providing you with real-time access to your information, from anywhere, at anytime. See your **iPASS** System Administrator for additional information.

There is no need for you to create or import any course or student data, the system all ready knows what courses you are scheduled to instruct and which students are enrolled in your classes.

PLEASE NOTE - YOU MUST CREATE THE FOLLOWING TABLES BEFORE YOU CAN USE THE RANKBOOK.

- ⇒ **Assignment Types**
- ⇒ **Assignment Weights**
- ⇒ **Grades Table**

iTeacher>Add/Modify Rankbook>Assignments tab

Assignment Types

This setup screen allows you to create assignment types (see examples). The system will allow you to create as many assignment types as necessary for you to properly categorize and weight assignments in each of your courses. Please note that the system will not allow you to delete an "assignment type" if it has already been associated with a course or student grade. Select Publish in iParent if your school has iParent open.

Delete?	Description	Publish type in iParent?
<input type="checkbox"/>	Completion of work	<input checked="" type="checkbox"/>
<input type="checkbox"/>	Portfolio	<input checked="" type="checkbox"/>
<input type="checkbox"/>	Quality of work	<input checked="" type="checkbox"/>
<input type="checkbox"/>	Use of studio time	<input checked="" type="checkbox"/>
<input type="checkbox"/>		<input type="checkbox"/>
<input type="checkbox"/>		<input type="checkbox"/>
<input type="checkbox"/>		<input type="checkbox"/>

SUBMIT

Click **SUBMIT** to save your work

Deleting an Assignment Type

To delete an Assignment Type

- ⇒ Check the box under Delete
- ⇒ Click **▶ SUBMIT** to delete the Assignment Type. *Please note* Assignment types may not be deleted once they have been associated with an assignment.*

Assignment Weights

This screen allows you to define the parameters for weighting selected assignment types for a course. Be sure to select the appropriate academic year and course-section. The system will automatically provide you with a list of courses that you are scheduled (or have been scheduled) to teach for the selected academic year.

Type	Weight	# of Drop Scores
	Q1	0
	%	0
	%	0
	%	0

Academic Year:

- ⇒ Select the appropriate Academic Year from the pull-down list.

Course:

- ⇒ Select the course-section from the pull-down list that you wish to work with.

Type:

- ⇒ Select the appropriate Assignment Type from the pull-down list. You may add more assignment types by clicking <Rankbook Maintenance> <Assignment Types>.

of Drop Scores:

- ⇒ Select the number of lowest scores of each assignment type to be dropped and not included in the calculation of an average. The dropped scores will not be removed from your Rankbook, only ignored in any calculations.

Define as many assignment weights as necessary to achieve the various categories you require for each course by term.

Enter the # of Drop scores for an assignment type by term.

Each term must total 100% or if you are scoring on the points system, all weights must be set to 100% each.

SEARCH CANCEL

Assignment Weights

For Total points, set each weight at 100%. The other total weights must add up to 100%.

Type	Weight	# of Drop Scores
Q1		
Completion of work	30 %	0
Use of studio time	30 %	0
Portfolio	10 %	0
Quality of work	30 %	0
Q2		
Completion of work	20 %	1
Use of studio time	20 %	0
Portfolio	20 %	0
Quality of work	20 %	0
Q3		
Completion of work	15 %	0
Use of studio time	25 %	1
Portfolio	30 %	0
Quality of work	30 %	0
Q4		
Completion of work	30 %	0
Use of studio time	10 %	0
Portfolio	35 %	0
Quality of work	25 %	0

Click **SUBMIT** to save your work

***Please note:** If weights and types were defined PRIOR to update to iPass Version 7, then the weights will have copied to all other terms in which the course meets. If a course only meets one term, then the weights have copied into that term only.

Grades

This is a one-time setup screen that allows you to select the numeric and/or alphabetic grade codes that will be available to you when entering scores for students. If you wish to use your school's grades table, check the box at the top of the screen and click on **SUBMIT**. The system will use this table to validate against

>> CREATE DEFAULT GRADES

Use my school's grade table for my grades

Numeric Grades

Start Grades At: 0 1 2 Last Grade: 100 200 300

Check below to create Decimal grades with two decimal places, e.g. 55.50. Specify increment.

Generate grades with two decimal places. Increment grades by: None 1 .10 .25 .50

Alpha Grades

Start at: None A+ A A- B+ B B- C+ C C- D+ D D- F P

SUBMIT **CANCEL**

when you are entering grades for students. You will be able to add to this list. Grades can be created from 0-500 with two decimal places in increments of .10, .25 and .50.

Alpha Grades may be selected from the table by highlighting the grades you wish to use. You will be able to add additional grade codes, once your grades table has been created.

Click **SUBMIT** to save your work

Adding/Modifying/Deleting Grades

Once you have created your grades table in the previous screen, you may need to add, modify or delete a grade. Go to Add/Modify Rankbook>Assignments>Grades. Click on [View/Modify Grades](#) at the top of the screen and a new screen will open as shown below.

>> SEARCH GRADES

You may use Enter/Return or Click Search

Grades: Unweighted Value:

A B C D E F G H I J K L M N O P Q R S T U V W X Y Z

>> GRADES

Grades

Grade ▾	Unweighted	Min	Max
<u>0</u>	<u>0</u>	0	0
<u>1</u>	<u>1</u>	1	1
<u>10</u>	<u>10</u>	10	10
<u>100</u>	<u>100</u>	100	100
<u>11</u>	<u>11</u>	11	11
<u>12</u>	<u>12</u>	12	12
<u>13</u>	<u>13</u>	13	13
<u>14</u>	<u>14</u>	14	14

<u>19</u>	<u>19</u>	19	19
<u>2</u>	<u>2</u>	2	2

This screen allows you to modify an existing grade or add a new grade for use in your rankbook. **Click on the button to create a new grade.** This screen will also be displayed when choosing to add a new grade.

>> CREATE GRADE

Grade: Unweighted Value:

Min: Max:

Averaging:

- Qualifies - Include in Calculations
- Not Consider - Ignore this value & Calculate others**
- Disqualifier - Do Not Do ANY Calculation

Grade:

⇒ This is the grade that can be entered for a student when scoring an assignment.

Unweighted Value:

⇒ This is the numeric value that will be used for averaging.

Max:

⇒ If you are averaging and want the results to be an alpha grade, then this is the maximum value to be used in the conversion.

Min:

⇒ If you are averaging and want the results to be an alpha grade, then this is the minimum value to be used in the conversion.

Averaging:

- ⇒ Select **"Qualifies-Include in Calculations"**
- ⇒ Select **"Not Consider – Ignore this value & Calculate others"**

- ⇒ Select **“Disqualifier – Do Not Do Any Calculation”**. No average will be calculated for either the assignment or the student if a grade with this setting is assigned to the student.

Click on  to save your work.

Add/Modify Rankbook > Settings Tab

This Tab contains several configuration options for displaying Rankbook Views, Assignments, Appearance, Progress Reports and Student Data Options.

>> VIEWS

Edit/modify a view: [Click Here](#)

Dropped Score = x If the score is to be dropped you will see this next to the score.

Email Class:

The **Email Class** Option will allow teachers to email all students and/or all guardians of students in this class or all classes at one time.

Click on **Email Class** to open the email editor window:

Subject: Enter the Subject of the email.

Cc: Additional email addresses to receive this email (you may copy yourself here).

Bcc: Select Students with email, Guardians with email or both to be blind copied.

Course: Select the course(s) that will receive this email.

Type your message in the text box at the bottom of the screen, use the editor tools as necessary to enhance your message.

Click on  to send your message.

Please note: your district must have your email configured for the message to be sent. If you have questions, please contact your iPass database administrator prior to sending email through your rankbook.

Assignments

The screenshot shows the 'Assignments' interface. At the top, there are navigation tabs: 'Rankbook View', 'Assignments', 'Custom Data', 'Reports', and 'Settings'. Below the tabs, there is a 'View: None' label. A dropdown menu is open under 'Assignments', showing options: 'Add Assignments', 'Search Assignments', 'Grades (by course and term)', 'Types', 'Weights and Data', and 'Copy Assignments'. To the right of the dropdown, there are search filters: 'Course:', 'Teacher:', 'Term: Q1', 'School Year: 2009-2010', 'Room:', and 'Schedule:'. At the bottom, there are two buttons: '+ Add Assignment +' and '+ Copy Assignments +'. To the right of these buttons is a 'Date Range for View:' field with two date pickers and a 'to' label.

This screen allows you to add, update, or search for assignments that you have already created.

Use the drop-down menu to select Add Assignments to create a new assignment.

Course:

⇒ Click on a single course or hold the Control Key down and click multiple courses, then click submit and the system will display a list of assignments for the course(s).

Assigned Date:

⇒ Defaults to the current date, but can be changed by clicking on the date picker (calendar) image to the right of the date field. Leave the default of blank to see all dates.

Type:

⇒ Select an assignment type to search by, or leave the default of blank to see all types within your search.

Name:

⇒ Enter an assignment name or any part of the name (you may also click on any letter of the alphabet) and click submit to search.

Due Date:

⇒ Defaults to the current date, but can be changed by clicking on the date picker (calendar) image to the right of the date field. This is the day that the student is expected to have completed and turned-in the homework assignment.

Alphabet (a-z):

⇒ You may click on any letter of the alphabet and click submit to search.

Course:

⇒ You may click on the course column heading to sort. Clicking on the course-section number will allow you to update an assignment.

Score:

⇒ Clicking on the  image will allow you to enter scores. When you are finished entering scores, be sure to click submit and save your changes.

Copy:

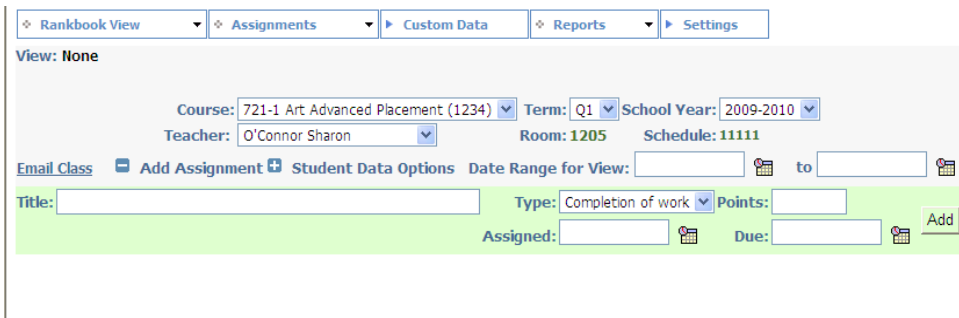

⇒ Clicking on the copy image will allow you to copy the entire assignment contents and apply them to another section or course. After clicking the copy image, the system will open the original assignment, simply select the course-section you wish to copy it to, and click  to save your copy.

Helpful Hint!

Use the Shortcut on the Add/Modify Rankbook screen to Add Assignments directly to the course that is currently displayed in your rankbook:

Click on the  to Add Assignment:

Enter the Assignment Title, Type, Points, Assigned Date and Due Date.

Click  to create the assignment for this course.

Custom Data

The custom data screen allows you to record student Nicknames as well as other data for each class list. Click on Custom Data tab and enter a nickname in the field next to the student's name. Click on  to record your changes.

The entry in the custom data field will populate the nickname in parentheses next to the student name in Rankbook.

<< 1 >>

Name	Current YTD Avg

Rankbook>Reports

Rankbook reports are located Add/Modify Rankbook>Reports.

Each report has a set up screen, which allows the user to set up criteria to filter on and criteria to Sort on.

Helpful Hint!

Most reports can be filtered by school. If you have access to more than one school, then you will have the ability to change the school you want to filter by and click on submit. Your default school will be shown in the drop down when you open the report tab. Once the submit button is clicked the report will be processed and sent to <My Data><My Reports> for you to view.

Selection Criteria: Selection options may be available under Enter Selection Criteria. Selections allow the user the ability to limit what information will be listed on the report. Examples; students in second grade only, courses taught by a single teacher or all special education students. If you do not make a selection in a drop down box, then all the criteria listed in that box will be included in the report.

If the option to select criteria by Student IDs is available, then type a list of student IDs separated by commas into the box to use this feature. If no students IDs are listed then all students will be included.

Hold down the shift key on your Keyboard to highlight the whole selection list or selections on the list in order. Use the Control Key on your Keyboard to highlight selections on the list when you need to skip selections.

Sorting: Sorting options may be available under Enter Selection Criteria. Sorting allows the user the ability to list the information in a certain order. Examples; list students by last name, courses by teacher's last name, or list by courses in alphabetical order. Sorting options are restricted to the list provided.

To: This box allows you to enter an email address or several addresses of people you want to send the report to. List email address separated by commas.

CC list: This box allows you to enter an email address or several addresses of people you want to cc: a copy of the report to. List email addresses separated by commas.

Priority: This box allows you to set a priority level for the report processor. Priority options are limited to the list provided.

Class List:

Select Class List from the Reports Menu. A screen will automatically open in a new browser window with the names of the students in the course with 5 blank boxes next to each student’s name. Click on the  button to print.

Teacher Letters

Letters can be generated by a teacher to be sent to parents regarding assignments from their rankbook. Letters can also be run to include a copy of a Progress Report for the student and a set of mailing Labels that correspond with the letters printed.

Go to <Letters System><Write Letters> to create a template.

Use these Data elements to enhance your letter template.

AssignmentsInc	List of Incomplete Assignments	Teacher
AssignmentsLow	List of Assignments with Low (Fail) Grad	Teacher
AssignmentsOwed	List of Assignments Owed	Teacher
StudentProgress	Progress Report	Teacher
Teacher Phone	Teacher At School Phone Number	Teacher
TeacherEmail	Teacher Email address	Teacher
