

To All Members of the Cape Cod Tech Community,

Governor Baker has now closed all Massachusetts schools through Monday April 6th. Cape Cod tech will now be closed through at least Monday April 6th. From Monday through Friday of this week, our staff will be developing remote learning opportunities for your children for this extended period of time away from Cape Cod Tech and further information will be provided in the next several days. It is worth noting the Governor has asked that the practice of "social distancing" is vitally important to stop the community spread of the COVID -19 virus. Stay at home as much as possible especially when feeling sick and stay away from large crowds during the closure whenever possible. We will post further information on social distancing on our website.

For students needing access to breakfast and lunch during this extended time period the following options are available:

1. For all Cape Cod Tech students, you may come to the Cape Cod Tech east end entrance between 10 AM and 1 PM Monday - Friday for a "grab and go" breakfast and lunch.
