Technical Studies Director ext: 273

January 3, 2019

Dear Parent/Guardian,

We would like to invite you and your student to The Cape Cod Regional Technical High School's **Showcase Reveal on Thursday, February 7th at 6 pm**. We will offer a presentation and virtual reality explorations of The New Cape Cod Tech opening in 2020! This evening will include an option of three guided tours (listed on reverse) of current technical areas and academic classrooms, as well as an opportunity for you to meet with students, alumni, parents, teachers, and administrators. Students and parents who have attended this evening in the past stated that it gave them a new perspective of our school and all the opportunities a technical education provides.

The Showcase Reveal will include all aspects of the application process. Parents will have support to complete their student's application, while students will have the opportunity to interview with our Admissions Team. Families will also gain the benefit of understanding the exploratory process, as students do not need to select their technical area prior to the middle of their ninth grade. This will begin your student's Cape Cod Tech Story.

Cape Cod Regional Technical High School students receive an education utilizing 21st Century instructional methods for 21st Century careers. With technical and academic integration in our Career Academies students find relevance in their learning. No longer are the days of pencil and paper good enough for your student's high school education. Your student will experience project based learning by cooperating with a team of students to generate an end product only found at Cape Cod Tech. Interdisciplinary learning along with student organizations like SkillsUSA and FFA, Cape Cod Tech graduates are prepared for their future.

Enclosed in the packet is an informational card directing you to our online application. Please complete this online process as soon as possible even if you are still not certain about your plans for high school. We hope to see you and your student at Cape Cod Regional Technical High School's **Showcase Reveal on Thursday, February 7th at 6 pm**. If you or your student would like to find out more about the rewarding experience at Cape Cod Regional Technical High School you may contact us at (508) 432-4500 ext. 264.
